

Green & Kean Ltd

Environmental policy

This policy applies to all activities undertaken by Green & Kean Ltd and impacts upon key suppliers and customers.

We are committed to minimising the environmental impact of our operations. In particular, we will achieve this through our commitment to:

- comply with all relevant legislation and regulations;
- regularly review the environmental impact of our activities, endeavour to reduce our overall environmental impact and prevent waste using best practice techniques;
- involve employees in our environmental programme and provide necessary training to enable them to discharge their responsibilities;
- sustain a programme of continual improvement in environmental performance incorporating suitable measurement and monitoring mechanisms;
- work with key suppliers to encourage them to develop environmental best practice; and
- improve resource efficiency (including our use of water, energy and raw materials).

This policy is publicly available on request.

Alba Manufacturing Limited

Environmental policy

Alba Manufacturing Limited recognises the importance of environmental protection and will comply with all environmental legislation, regulations and appropriate codes of practice relating to the processes and activities of the company. It is the company's objective to co-operate and maintain good relations with all regulatory authorities.

It is the declared policy of Alba Manufacturing Limited to carry out all reasonably practicable measures to continually improve its environmental performance. Wherever possible, the company aims to:

- assess the environmental impacts of the company's activities during the manufacture of its products, namely A, B and C;
- reduce the amount of waste produced;
- reduce the consumption of raw materials, water and fuels;
- reduce and/or limit the discharge of pollutants to water, land and air;
- use recyclable and renewable materials in place of virgin products where possible;
- limit the noise in and around the site; and
- lessen the risk to employees and members of the public from processes and activities associated with the company.

The company will foster environmental awareness and understanding in all employees, suppliers, customers, subcontractors and other stakeholders. Where practicable, the company will provide information and assistance to customers on environmental issues arising from its products and services.

It is the policy of Alba Manufacturing Limited to report publicly on its environmental objectives and performances at regular intervals.

Environmental policy examples

Environmental policy

ScotsBiz recognises its responsibility for the environment and will ensure compliance with all relevant current and future legislation. Where appropriate, we will also endeavour to be compliant with appropriate codes of practice.

We are committed to minimising the environmental impact of our operations, and continue to operate side by side with our neighbours and stakeholders. In particular, we will achieve this through our commitment to:

- reduce the amount of waste produced;
- make a representative available for community meetings if required/possible;
- monitor our water use and effluent production;
- review and enforce our sustainable procurement policy to align with good practice
- minimise noise from the site; and
- work closely with environmental advisors and regulators to improve our overall environmental credentials and ensure the ongoing conservation of sensitive ecosystems for which we are responsible.

The company will foster environmental awareness and understanding in all employees, suppliers, customers and subcontractors. Where practicable, the company will provide information and assistance to customers on environmental issues arising from its products and services.

Improvement will be continuous and the company will report internally and externally on its progress against its goals and objectives.
